SUBJECT.

Grant of the bed of the Kadaba tank, Gubbi taluk for Cattle grazing.

Indexed

Subject.

The prayer of the
Ryots of Kadaba that
the bed of the tank
might be placed
exclusively at their
disposal for the
purpose of grazing
their Cattle -

The following
is a translation of
a Memorandum made
by Hommalinge Gowda,
at the last Panchayat
Representative Assembly

2

Proceedings of the Board of Ally Sloper

Read:-

Memorandum dated 8th November 1852 from Captain A. H. Macintire in charge of Municipal Statistics

Cross Roads - Camp No: 49 dated Mysore 23rd November 1852.

The giving up of the right of grazing on waste lands after the crops have been harvested which has been hitherto enjoyed by the Municipal Cattle under certain limits in the Junkin District appears to have deprived them of the grazing so much required during the hot weather. Captain Macintire and the Superintendent of Junkins should furnish a statement of the limits hitherto which this grazing right has been enjoyed, the conditions under which it has been held and the arrangements made in respect of the lands during the Survey

by Captain Macintire should be reserved for the Amrit Mahal cattle, and the Assistant Commissioner in charge of Palace establishments will be asked to lease to the Amrit Mahal Kaval for a number of years, the Hinduvinkere Kaval in the same Taluk at the average rent realized by the Palace during the past 3 or 5 years.

(Signed) R. Vijayendra Rao
Secretary

To,
Captain Macintire

Department.

Settlement. Meanwhile the grazing in the beds of the tanks is regulated under Captain Macaulay's orders and while the Superintendent does no objection to give the second for the Amrut Mahal cattle, the grazing in the beds of tanks is of an uncertain character and the grass growing on such lands cannot be the best. Considering the large extent of waste lands lying waste in several parts of the Tumkur District, especially in the Kunigal and Koratagere Talukas, it may be possible to reserve as Kharab tracts of waste land in complete blocks under some of the larger tanks; or if the cultivation is extremely limited, to keep up the rights of the Ryots and to reserve the entire area under the tanks for the Amrut Mahal cattle. The Superintendent should visit if any such arrangement could be made.

Kadaba Tank

In 1891 it was urged at the Representative Assembly that the bed of the Kadaba tank had been reserved for the Amirta Mehal Cattle, that the Amirta Mehal dept did not graze their cattle there on the bed, that there were no unoccupied or Gomal lands available in the village for pasturage and it was requested that the tank bed might be thrown open to the villagers (Subject no 205)

On the 29 November 1893, eleven Heere Gowdas and others of Kadaba and other villages presented a petition to Govt (no 1446) praying that on the bed of the Kadaba tank they may be allowed to graze their Cattle.

The land in question
was first in possession
of the Omaha Tribal Dept
in 1882 on the representation
of Lieut. Maguire that
this was an important stock
location Ground and as such
necessary for the Omaha
Tribal Dept (Genl
P.O. Camp No 49 dated
29 November 1882)

The allegation of
the Respondents that no
Omaha Tribal Cattle grazed
on the land in dispute
account Lt. Col. Maguire
reports that in the year
1884 Herd No 4 Consisting
of 410 heads of Cattle
grazed in the Herd that
from 1885 to 1891 though
not allotted to any particular
Herd it was used for
the Dept Cattle and as a
passage Trail for the Omaha
Tribe. In 1892 Herd of
Herd No 2 grazed on

7

for some time, as also the
Chief Asst. in 1893
Cattle selected for sale
and Horse removed as unfit
were grazed on the land
in 1894, the land was
allotted to Land No 14
(Vide letter No 9 dated
12 July 1894)

Final No 9

As regards the
right of way over the land
to the water for the pre-
sent the charges, the
officer in Charge of the
Quarter Master Depot reports
(in the same letter) that there
can be no difficulty about
it although it is different
to define on exact path
as a track and
to point out on a map. He
says that orders will be
issued to allow adequate
grazing for the village cattle.

The Officer in Charge

of the Amrita Bazar Patr, 8
Meerut no objection to
the villagers grazing their
Cattle on the bed of the tank
after the Amrita Bazar
Cattle shall have left for
the Jungles, has informed
the local officials of his
intentions and has directed
them not to interfere forcibly
or annoy the villagers.

No further steps
that he cannot absolutely
relinquish the bed in
favour of the villagers
without reference to the
instructions of the Govt Cattle
(Order no 185- dated
16 June 1894)

Serial no 4 in the
Cuttack Tank Notice,
post ups hereunto

of the number of cattle that had come. The Agricultural cattle never fraze here for about a month in 1892. Sheep fraze here about two or three days. None of the Agricultural cattle had come here in 1893. Nor had they come in 1894. The villagers fraze their cattle when the water in the tanks dry up. The Agricultural department people say they would allow a path for their cattle to go and drink water. The ryots have complained that all the seed should be given to them.

(2)

Sunder District
Deputy Commissioner's Office
Dated Camp Indirasi
24th February 1916.

To

The Chief Secretary to the
Government of Sweden.

Sir,

With reference your official memorandum No. 1818 of the 11th instant forwarding for my disposal the petition of Channee Ganda and others of Indira and the villages of Tandi Gaindi praying for the sanction to them re-grading of the bed of the Kadala tank so as to convert it into a permanent canal, I have the honour to state as follows:-

2. The petitioners say that their representation to the District authorities have not been attended to. This is not correct. On every occasion that they urged their representation the Executive Officer was directed if he could kindly arrange to give them the need of the tank. His final report No. 11 of 1916 (which I have only received today. In it he says that it is impossible to assign the bed of Kadala and Gaindi tanks without detriment to the interest of the Government cattle, but adds that he has no objection

objection to have cattle grazed by the village cattle after _____. The Government cattle are sent to the jungles." He further says that orders to this effect have been issued to the officials in charge who have also been strictly directed not to interfere unless they see any of the villagers concerned."-

3. Round the tank of the Kadaia tank in question there are several villages. The cattle thereof have to go to the tank for water. Then altercation between the villagers and the Kavalgars take place and the latter impound the cattle of the former on the ground that they trespassed on the Kavil lands. They cannot but trespass on the Kavil lands when they go to the tank for water. Any number of orders may be given against needless interference with or annoyance to the villagers, but the cause of complaint will not altogether disappear. Many villagers are concerned in this matter and the complaint is a very old one. The revenue Deputy Commissioner Tiru. Means. Krishna Iyer the Tahsildar, Khan Bahadur Nainar Mohamed the Tahsildar and B. S. Krishna Iyengar have opined that the representation of the villagers

villagers to reasonable and fair terms
agreeable with the statements contained
in the petition under report, that
the land in question does not yield any
grass, that the Government cattle
never go there for the purpose of
grazing and that the cultivation as
stated is a source of annoyance
to the people. The Department
Department may therefore decide
to say whether the Government
cattle have grazed there,
and if the statutes show that
if, as alleged, they have not been
there the Government may perhaps
be pleased to restore the land to
the ryots as they do the annual
maintenance work to the bund
of the tank; they seem to be entitled
to this concession on the analogy of
the principle enunciated in clause
b of section 3 of the Revenue
Code wherein the right of fish-
ing in tanks free of cost is given
to the ryots on the ground of their
doing the necessary earth work
to the bunds.

4. The petition, received with
the memorandum under reply
is herein closed. -

I have the honor to be,

Sir,

Your most obedient servant

[illegible]

Deputy Commissioner.

Tumkur District.
Deputy Commissioner's Office
Dated 17th May 1894.

To,
The Chief Secretary to the
Government of Mysore.

Sir,

The ryots of Kadaba and the surrounding villages in the Gubbi Taluk of this District prayed the Government that the bed of the Kadaba Tank, which has now been reserved as an Amruthmahal Kaval, might be restored to them. You forwarded their petition for my disposal with your official Memo: No. 1368 of the 14th February 1894. In my reply No. 675 of the 24th February 1894 I stated that the prayer of the ryots was reasonable and added that the Amruthmahal officer was unwilling to restore the bed to the ryots. You now in your reply No. 1895 / 1812 of the 5th May 1894 say that I should adopt the procedure prescribed in order No. 12817-26 / R. 1346 of the 3rd February 1894. In that order it has been stated that when any Amruthmahal Kaval is required

required the Deputy Commissioner concerned should first ask the Amruthmahal Officer and if there be any difference of opinion between them the case should be reported for the orders of Government. As the Amruthmahal Officer has already been asked in this case and he has shown disinclination to restore the bed to the ryots I beg that the orders of Government may be obtained in the matter.

I have the honor to be,
Sir,
Your most obedient servant,

Deputy Commissioner.

Reporting that the Amildar officer did not consent to share the debt of the Kadaba land and therefore the orders of Government is solicited in the matter.

Asst to the Commissioner

Sub to the Chief Secretary with reference.

Dr. Lo

It was quite a blunder on our office to have referred the D C our letter to the rules of 3rd Feb. which relates to cases of grant of Occupancy rights ~~of~~ on Kerai land. The present case is one in which mere grazing is asked for & the tank land asked for is incapable of being granted to any one for occupation.

There is nothing to show when the tank land was given to the Amildar Mackal. The Native file should have been put up

However write down to the Amildar asking him 1) when the tank land came to the possession of his Dept. 2) # for for how many days, in Each year ~~any~~ ~~years~~ what particular herds, if any, grazed in the tank bed during the past 10 years? 3) ~~whether~~ What rights of way to the water is he able always to allow & the villagers & to whom the same on a map showing the various villages to the tank —

Ask for a very early reply and in the meantime get a brief precis of the case from the Amildar.

To,

The Chief Secretary to the
Government of Mysore

Sir,

In reply to your docket No: 22453 / Pat: 2042 dated 15th June 1894, I have the honor to report that the Kadaba Walagere Kaval was placed at the disposal of the Amrut Mahal Department in 1882. (Vide Proceedings No: 49 of 29th Nov: 1882)

2. According to the returns received in 1884, herd No: 4, Strength 410 grazed in the Kaval - from then to 1891 inclusive, it was not allotted to any particular herd, but was used by the Depôt cattle and for the Tumkur herds as a passage Kaval. In 1892, part of herd No 2 grazed in it for a month and also the Sheep Depôt

for sometime. In 1893 32 the cattle selected for sale and reserved as bulls were grazed in it.

3. As regards right of way, being the bed of a tank, no exact path can be defined for the village cattle, but there will be no difficulty about that and orders will now be issued to allow village cattle alternative routes as may be convenient. As a matter of fact, the village cattle have always been grazing anywhere they like about the Karai during the absence of the Government cattle, and so far as the reports I have received, can be relied upon, the villagers have had no cause for complaint. On the contrary, the Amini Mahal officials have been reporting for several years that it was impossible to preserve the grass and consequently no herd could be sent there to graze.

4. As already reported in this office No: 185 of 16th June 1894, the ryots

Annuitants and heirs
if any, grazed in the
Land held during the
past ten years

(3) What rights of way
to the waters is he able
always to allow for
the free use of the
villagers and to show
the same on a map
showing ~~the lands in~~
~~question and~~ the
various villages ~~named~~
~~etc.~~ and the Land.

No: 114

Amrit Mahal Office
Dated 14th January 1895
Camp Ariikere

To,

The Chief Secretary to the
Government of Mysore

Sir,

In reply to your
docket No: 10324 dated 19th
Pet: 994
December last, I have the
honor to state that the facts
stated in my letter No: 9 dated
12th July 1894 were based upon
reports and returns received
in this office from time to time
from the Daroga of the
Tumkur Range. The cattle
selected for sale from other
herds always passed through
and grazed the Kadaba
tank bed Kanal and the
bullocks which were sent
to Bangal Government in
1891 also grazed in it.

2. The statement of

39

To The Officer in charge of Amrit Mahal Department.

No. 11567 / P.F. 70-94 dated 22/28.1.95

L.R. 135-93-10.

His letter No 114 dated 14th January 1895, submitting certain particulars regarding the Kadaba Taluk bed Kaval in the Gubbi Taluk.

With reference to the above, has the honour to request, that the statement (in original) made by ~~the~~ certain representative members, sent to him with this office No 10324 Rel-994 may be returned.

By Order

Draft

Chief Secretary

S.V. 22/1, 28/1

Simms Malige grazing does not appear to differ much from what was stated in my letter under reference, only he is not sure of the length of time for which the Government cattle grazed there. The returns are kept in due course and the reports were all received before the withdrawal suspension

3. As already reported the need of the Land cannot be satisfactorily assigned as the number of heads has been increased in the last two years, and the amount of that available grazing has diminished. As I have already pointed out to Government, I think there can be no objection to assign Land when actually needed, but to increase the amount of free pasture Land in these days without due cause is, I submit, inadvisable. There is no objection to the applicants grazing their cattle free after the Government cattle have grazed
